

Release Notes: Atlas Chiropractic System Update v5.41

Version: 5.41

How do I know which version I am running?

Check the title bar in your Atlas Software. The title bar displays the Atlas Chiropractic Software name, the Current Logged In Atlas User, the Current Logged in Windows (Computer) User and the current Program (P) and Database (D) version number.

What's New

- Expanded card/fob support to allow for a greater range of values
- Updated Special Visit schedule grid to remove the delete check box and add a remove button for easier use
- Support added to allow patient to be covered under both a personal and family financial plan with the personal plan being prioritized

What's Fixed

- Atlas Conversations link updated to Atlas Hub Forms under the Online menu item
- Corrected transaction order so both the small and large transaction ledgers match
- Additional support for multiple phase insurance coverage to ensure additional phases are properly checked when assessing insurance coverage
- Conversations Key no longer hidden in user setup
- Ensure subjective question responses are fully cleared when skipped
- Lock the location identifier when processing payments to ensure smooth processing of follow-on transactions when required
- Patient transaction entry screen reviewed for increased efficiency with large data sets
- When counting visits from care start date, ignore care end date
- Provider entry and modification dates changed to date & time to improve sync with Atlas Hub
- When booking out appointments and the appointment time is unavailable, ensure the selected appointment type is valid for the selected provider when changing providers
- Use a search to return to the current record after checking insurance for changes rather than a specific location in case it has moved
- System wide changes to how Atlas handles OLE objects to help ensure the windows OLE buffer does not overrun
- Ensure user remains logged in when printing day sheet reports
- Corrected transaction description on statements for balance transfers and plan transfers
- Corrected stray "0" on Manitoba WCB form when only submitting adjustments
- Individual PIF statements to mark transactions as statemented

Customer Support:

Atlas Support personnel are trained specifically on the Atlas Chiropractic Software. On occasion, they are able to assist with general computer support (networking, antivirus, and configuration). Atlas recommends that issues outside of the scope of Atlas Support be directed to the appropriate Support professional. A qualified,

onsite IT technician can provide you with the most accurate information to resolve your Technical Issues. Atlas Support may be able to assist your technician in resolving issues regarding your Operating System or System Maintenance, to help facilitate the proper function of Atlas.

Support Contact Information:

Mon-Thur: 8am to 7:30pm EST Fri: 8am to 4:30pm EST

Phone: 1-866-76ATLAS (2-8527)

Fax: 1-226-315-1900
